SOLDIERLY EXPRESSIONS.

What Majors Foley and Hosea Say of the Recent Reunion Here.

These letters give expression to sentiments that will be appreciated by every one who heard their authors speak during the recent reunion of survivors of the Tenth and Sixteenth Kentucky Regiments in this city.

CINCINNATI, Oct. 9th, 1891.
Thomas A. Davis, Esq., Editor Public Ledger, Mayville, Ky.—My Dear Sir: I thank you for your paper containing report of Saturday's meeting of my Regiment.

It has proven more than an incident. The warm welcome given in the cordial handshake, the kind expressions telling how glad "my boys" were to see me, touched me in a way which only those of us who know who suffered as we did in the dark hours of that horrible strife between brothers of this great country, God be thanked that it is over. Very truly yours, JAMES L. FOLEY.

CINCINNATI, Oct. 8th, 1891.
Thomas A. Davis, Esq., Editor Public Ledger, Mayville, Ky.—I thank you for copies of the LEDGER, just received, and also for your very complimentary notice of my remarks to the "old boys."

I felt, under all the circumstances, that I was entitled to be an outsider in a "family" matter of that character. The atmosphere was charged with the closer and more intimate feelings of personal and individual experiences and friendships, and I, therefore, did not enter upon the formal speech intended, but spoke only in the suggestions of the occasion.

It was a great pleasure to me to meet with the old soldiers of Kentucky, and I hope they will invite me again—not to talk, but to listen. Yours very sincerely, LEWIS M. HOSHA.

The Board of Directors will meet at the Mayville Bowling Alleys at 7 o'clock Friday evening, for the transaction of important business.

THOMAS M. RUSSELL, President.

STUCK CLEARANCE SALE!

A settlement of the estate of the late senior partner of this firm is to be made in January. A necessity of the event is the reduction of stock to the minimum. It is to our interest to convert goods into cash at the sacrifice of profit. It must be a clearance sale in the most comprehensive significance of the term—a sale in which neither cost, value nor loss get a moment's consideration. To reduce our immense stock is the only aim, the highest hope, the fixed determination. No man or woman who knows the value of a buy, a bargain, a saving, this opportunity to save, will let it pass without taking advantage of it to the full as far as prudence and means permit. While many departments are represented here, it would take double the space this ad. occupies to tell of the dozens of other equally attractive bargains. Call on us, it's the only way to master all the facts.

SIX BIG VALUES!

- No. 1—Melange Cheviot, 45 inches wide, 56c, original price \$1. In all the new fall shades. If you can judge values you are sure wisdom will guide you rightly when you see this unusual bargain.
- No. 2—Black Tarafata 37 inches wide, 76c, original price \$1. Every yard guaranteed to wear. You may be surprised at the price, but you'll be more surprised at the quality.
- No. 3—Onella Union Suits, 43c instead of 75c. Soft and fine, well made and finished. Closely knit to withstand many washings. You know the garment too well to need further description.

Everything mentioned above on sale now. Of course early comers have benefit of choice. No disappointments await you, complete satisfaction stamped on every offering.

A DOLLAR

- No. 4—Fancy Suitings, 42 and 45 inches wide, 29c, original price 75c. Dark plaids and mixtures, strictly all wool. Effective for children's dresses, women's waists, wrappers and antinates.
- No. 5—Women's Fleece-lined Stockings, 22½c, original price 55c. Fast black, silk fleec, ribbed or plain top, double sole and heel.
- No. 6—Men's Two-piece Underwear, 46c, original price 75c. Best Maco cotton, finely woven, softly fleeced. A well cut and finished garment.

is worth just what it will bring. If you had a barrel of them in the desert of Sahara they wouldn't buy a cup of water. Now we are certain there is no place in Mayville where a dollar will bring you as much as it will here during this sale. It might buy a larger package elsewhere but we are not talking of quantities. We refer to qualities and values. The following list tells what a dollar will do in some of our departments. It's not a list of exaggerations but a statement of facts. A Dollar in the Linen Department will buy a splendid Bleached Damask 72 inches wide in rose, fern, lily, blue, or many other patterns. Original price \$1½. The best bed spread you ever saw for a dollar and no wonder for they've been selling for \$1½. A Dollar in the Colored Dress Goods Department will buy an exquisite French Broadcloth worth \$1½ or a Fanne Cloth as soft as velvet worth \$1½ or a Scotch Mixed Coat for walking suits worth \$1½.

Cooper, Daugherty, Greely and Miller. The youngsters beat the elders in the first game by 200 pins and in the last by 40 pins. The age of the oldest bachelor is 92 and of the youngest yet 17.

THE WRONG LIQUID.

We see that David Dye, Treasurer of the Mayville Water-works, gives notice that if water rents are not paid off by the 25th of this month the water will be turned off. Oh, Mr. Dye, don't you know you can't get the Mayvillians that way? Tell 'em you'll turn off all other beverages, and if they don't pay for the little bit of water they use to wash it down with—then they'll come down.

PRESIDENT & PATRONAGE!

PUBLIC LEADER

Mr. Roosevelt Will Not Be the "Clerk" of Senators.

WILL SELECT HIS OWN OFFICIALS.

Louisville Courier-Journal.

The President in appointing a United States District Attorney for Kansas has named a man who not only was not recommended by Mr. Burton, the Republican Senator from the state, but who was opposed by that functionary.

The act indicates that President Roosevelt does not intend to acquiesce in the custom submitted by recent Presidents, of practically turning over such appointments to the members of the Senate and House from whose districts the appointments are to be made. This custom, begun as a courtesy to Senators and Representatives, has now come to be considered by them—especially by Senators—as a right. Senators are so jealous of this "right" that the Senate usually refuses to confirm a nomination, however excellent it may be, if made without the sanction of the Senator claiming control of the particular office. This has proceeded so far that the Senators consider the President as virtually only their secretary for receiving their dictation and giving it legal form. Indeed this appointment of patronage is the main employment of some Senators—Kentucky's own Deboe, for instance, devoting his official talents and energies almost exclusively to the statesmanship of picking out Postmasters, Collectors, etc.

Mr. Roosevelt is just the sort of man that would be expected to object to this senatorial "hold-up." He believes in attending to the duties of his office himself. It is most natural that he should fail to see in the requirement of the Constitution that certain appointments shall be made by and with the advice and consent of the Senate, a mandate that no appointment shall be made except at the dictation of some particular Senator. It is a plausible report that he has announced that he will appoint those recommended by Senators when the men recommended are satisfactory to him, he will not confine himself to such recommendations but will make such investigations as he sees fit.

Such a course, if persisted in, will get him into a wrangle with the Senate, but will be approved by the country.

The sale of personality of the late John R. Downing realized \$128.50.

During the past fiscal year the C. and O. Hospital Association cared for 756 sick railway employees and 241 injured. There were nineteen deaths from disease and seven from injuries.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have discredited the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A corned beef will not sustain a particular part of the body, but it will sustain every other part. Yet, however good your food may be, the nutriment is destroyed or addition or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids indigestion, stimulates the liver, builds up action, purifies the blood, and makes you feel buoyant and vigorous. By way of passing remark, Indianapolis has just elected a Republican Mayor by over 2,000 majority, also choosing a majority of Republicans to fill the other offices. For ten years past the city had been intensely Democratic.

Mrs. Mary Cecil Cantrell has filed suit in the Scott County Circuit Court against S. L. Allen and R. W. Nelson, who were at the time her residence burned in Georgetown in possession of the Georgetown Waterworks. She claims a net loss of \$15,016, and this is the sum sued for. As the lady is the wife of Judge Cantrell, and as Judge Cantrell is the Scott County Circuit Court, it is presumed he will insist on presiding and deciding, as he has done in other cases.

With a shortage of \$937,334.38 in the General Fund—Expenditure Fund—as shown by the State Treasurer's report just printed—something had to be done right quick to provide money to run the "machine" at Frankfort. So the State Board of Valuation and Assessment has fixed the value of Kentucky whisky for the purpose of taxation at \$10 per barrel for 1901. This is in increase of \$2 over 1900. It affects all whisky held in bond in the state, and it is said that the distillers will ask for reconsideration of the act.

NO ONE BUT A MOTHER can appreciate the benefit given by an ailing, teething, feverish, colicky, fretful infant.

Unrest distracted by its constant crying, and worn out with anxiety, anxious care and watching, a mother tries everything possible to obtain even relief for the little sufferer.

With what comfort and delight she sees her little one drop off to a deep peaceful health-giving slumber, after its little stomach is cleared of its poisonous burden by a single dose of Laxakola, the great tonic laxative and mother's remedy.

Laxakola is a pure gentle and painless liquid laxative, and contains valuable ingredients which not only act upon the bowels, but tone up the entire system and strengthen the child.

A few drops can be given with safety to very young babies, which will relieve by evening the wind and gas that cause it. Great relief is experienced when administered to young children suffering from diarrhea, accompanied by fever or green evacuations, as it neutralizes the acidity of the bowels and carries off the inflammation. LAXAKOLA will aid digestion, relieve restlessness, induce sleep and induce sleep.
